Steintest report

11/04/2022 - 11/04/2022

Quick overview

Number of tests since last report: 0.0
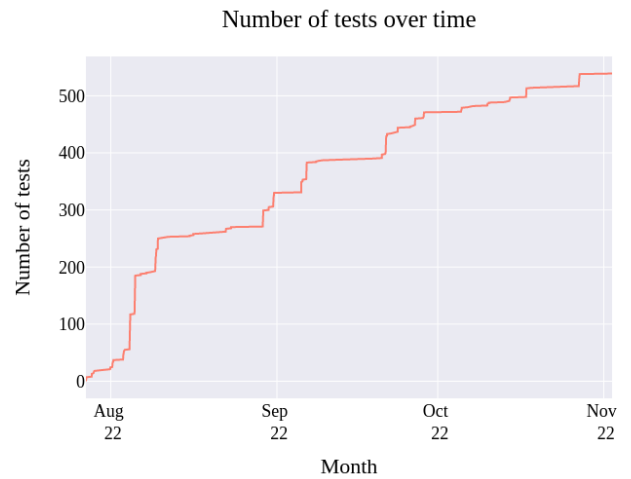

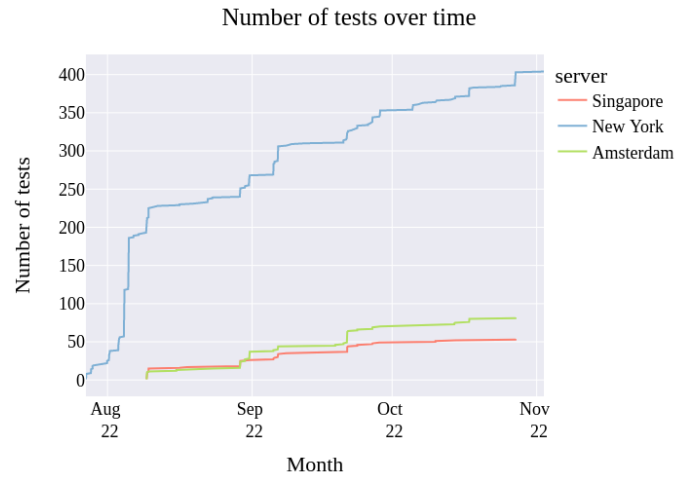

Change compared to last report: nan

Number of tests per server:

    Amsterdam: 0

    New York: 0

    Singapore: 0

Number of tests over time

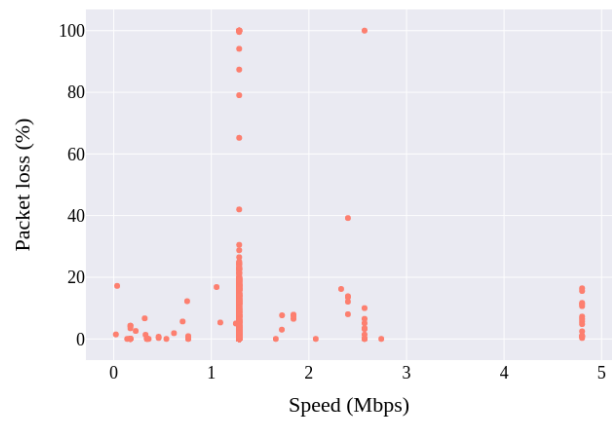

Number of tests over time

General plots

Scatterplot of latency and packet loss

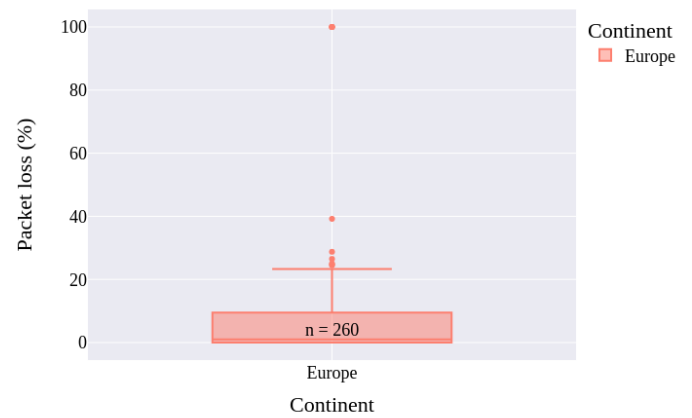

Speed and packet loss

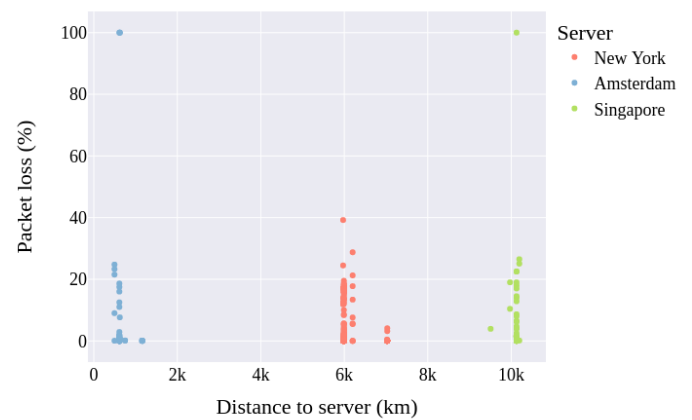

CDF of number of lost packets

Geographical coverage

This section will cover how geographical location impacts a connection

### Box plot over packet loss per continent

### Distance to server and packet loss

Number of tests over time

OS and Browser investigation

This section will cover how os and browser impacts

a connection

Box plot over packet loss per OS

Investigation of bursty peacketloss

This section will cover how bursty packetloss

impacts a connection

Histogram of consecutive lost packets

The Statistical investigation of the data

Appendix
